

Chicago Quantum Recruiting Forum

APRIL 8, 2022 | 1:00 - 5:00 PM | CHICAGO CONNECTORY

The **Chicago Quantum Recruiting Forum** brings together current quantum leaders from both academia and industry with the rising generation of quantum scientists and engineers.

This forum is an outstanding opportunity for students to catalyze their careers and employers to recruit top talent.

Event Overview

Participants will explore quantum careers and academic pathways through a half-day immersion in quantum innovation. The forum will include guest speaker panels featuring quantum experts, a keynote address, sessions with leading researchers, and networking opportunities with employers.

Participating Organizations

Interested in Joining?

Participation is free and open to all trainees and faculty from the Chicago Quantum Exchange (CQE), the above regional universities, and any companies interested in hiring quantum-trained talent. To learn more and register, please scan the QR code.
